EDUCATION

- **Faculty of Information Studies** Novo mesto, SI
Master's degree in Data Science; Average grade: 9.37 Oct. 2023 – Sept. 2025
- **Faculty of Arts, University of Ljubljana** Ljubljana, SI
Bachelor's degree in Sociology and Philosophy; Average grade: 8.44 Oct. 2011 – Jun. 2019

FOREIGN LANGUAGES

- **English (C1)**

TECHNICAL SKILLS

- **Programming Languages:** Java, Python, Ruby, JavaScript, SQL, R, C#, Rust, Racket.
- **Web Technologies:** HTML, CSS, Ruby on Rails, FastAPI, Angular.
- **Other Technologies and Tools:** PostgreSQL, ParadeDB, Elasticsearch, Docling, Linux, Docker, Azure, PyTorch, Keras, scikit-learn, Veeam, VMware.

EXPERIENCE

- **Institute of the Republic of Slovenia for Nature Conservation** Ljubljana, SI
IT Analyst (Public Sector Classification: Analitik VII/2 (I)) Nov. 2025 – Present
 - **Development and incorporation of AI and data-driven solutions into business processes**
 - Development of a RAG system for information retrieval from a large collection of nature conservation documents, including the design and implementation of a relational data model in PostgreSQL and the construction of SQL queries for efficient data retrieval and processing.
 - Design and development of a data pipeline for preprocessing and structuring documents, as well as metadata preparation.
 - Development of a web application for evaluating automatically generated questions and answers and collecting user feedback.
 - Delivery of internal training on artificial intelligence and the use of MS Copilot.
 - **Analysis and integration of information systems**
 - Translation of user requirements into functional specifications, coordination with external contractors, testing implementations, and preparation of user and technical documentation.
 - Contributed to the integration of the Spatial Information System (PIS) with the internal document management system, including data transfer definitions, data mappings, and case processing workflows.
 - **Cybersecurity**
 - Preparation of security documentation compliant with ZInfV-1 and cooperation with the security operations center in handling security incidents and implementing security solutions (XDR).
- **Institute of the Republic of Slovenia for Nature Conservation** Ljubljana, SI
IT Specialist (Public Sector Classification: Informatik VII/1) Jul. 2021 – Oct. 2025
 - **System administration**
 - Ensuring the operation of server and network infrastructure in Linux and Windows environments.
 - Management of permissions and access within Active Directory, structuring network drives, and defining their custodians.
 - Support for the management of backup and virtualization infrastructure (Veeam, VMware).
 - Introduction of O365 and migration to MS Exchange.

- **Contributed to the establishment of NarcIS, the central information system for collecting nature conservation data.**
 - Assistance in the digitization of older documents and presentation of the Institute's work abroad.
- **Management of the IT section**
 - Coordination of employees in the section, planning of financial expenditure, writing contributions to annual reports and work programmes.
- **Preparation of analyses and statistics to support decision-making**
 - Generation of employee workload summaries and preparation of statistics on the number of expert reports and guidelines produced at the Institute.
- **Management of hardware and software**
 - Execution of public procurement of computer equipment, record keeping, and administration of the GIS license server.

- **Felix (Učila International)**

Bookstore Manager

Ljubljana, SI

Feb. 2017 – Jun. 2021

- **Management of the store and warehouse unit**
 - Organization of work in the store, management of the central warehouse unit for supplying other stores, and onboarding of new employees into the work process.
- **Administration and work with the Vasco information system**
 - Managing internal stock transfers and claims, receiving and writing off goods, issuing invoices, delivery notes, and maintaining and updating the product database.
- **Sales and customer service**
 - Advising customers, carrying out sales activities, assisting in the organization of press conferences and promotional events.
